Re Activities of S.P.C. 439 Mal Singh.

S.P.C. 439 Mal Singh, age about 40 years attached to the Mangalore Police Station is a member of the local Indian Independence League and is also a volunteer of the Indian National Army and at present receiving <sup>training</sup> part time in the military training in the Indian National Army Training Camp at 330 Paoshing Road.

In spite of his loyalty and sincerity to the I.I.L. and the Indian National Army, his general attitude is quite against those who do not donate for the Indian National Army. He often speaks in the meeting without having permission from the chairman or the other authorised person. In the public meeting, he always criticized the members of the League for being pro-British or accusing them to be idle and for adopting the double faced policy.

On more than one occasions he criticized chairman, Chand Chaud for taking some pro-British people in the League. In particular his allegation is against B. Bobby who misappropriated Rs. 49,000.00 and 12 bags of wheat which was bought for the Indian National Army training camp 330 Paoshing Road. For this, he was suspended of duty but the chairman reinstated him to his former position as Liaison officer. The public is angry over the decision of the chairman. He is not anti League but he is anti some of the League members who are still taking relief from the Swiss Consulate and still keeping their double face policy.

Officer i/c Foreign Affairs.
